SINCE 1853

Murdock's Outdoor Bottle Filler

Murdock has been manufacturing fine quality outdoor drinking fountains since 1853. We are proud to continue our tradition of providing outdoor drinking products with our new Outdoor Bottle Filler.

With all-stainless construction for long-term durability under heavy public use and easy installation, Murdock's Outdoor Bottle Filler is perfect for any outdoor setting. Standard features include built-in filtration, combined sensor/pushbutton operation and easy maintenance access. An extensive list of optional colors and accessories, such as an attached pet bowl, are also available.

Bottle Fillers provide a fast, convenient way to obtain drinking water, promote the use of refillable water bottles and reduce the waste associated with disposable water bottles. Encourage environmentally-friendly practices — specify a Murdock Outdoor Bottle Filler!
